# Veterans Memorial Park Whitehouse, Ohio

**Veterans Memorial Park** is a public park located in downtown Whitehouse, Ohio that provides a solemn, beautiful space to remember and honor all those who have served in the **armed forces** of the United States of America. The park recognizes area veterans who made the ultimate sacrifice during wartimes.

**Veterans Memorial Park serves the entire Anthony Wayne area and is being constructed with funds from generous patrons such as yourself.**

Veterans Memorial Park also recognizes **police, fire and rescue** forces.

Planners envision this park to be an educational tool for individuals and school children, lifting up the sacrifices made by those who serve in the military and civic forces. People can gather here for ceremonies, reflection and conversation. The park will include monuments, flags, a fountain, a shelter house and a lending library.
