Pool Credit Form

To financially assist residents when filling their pools for the season, they are entitled to a once-a-year credit on the sewer portion of their water/sewer bill. In order to receive the credit, you must record the beginning and ending meter readings and dates you filled the pool. We will also need the date that your zoning permit was issued and the dimensions of the pool. If you have questions, please call Village employees at 419-877-5383.

Beginning meter reading _____ Date: _____

Ending meter reading _____ Date: _____

Pool dimensions: _____
