Daugherty shares that this does not mean an immediate obligation on Village side. This allows Daugherty to submit applications for a grant. Hill gives a quick summary, the goal is to connect Wabash trail near the cell tower to the trail in the park; Wabash to Blue Creek would have a better connection.

Motion by Councilwoman Tuohy, seconded by Councilman Fine to approve Authorization for Legislation Authorizing the Village Administrator to Prepare and Submit an Application to Participate in the Ohio Department of Natural Resources Recreational Trails Program and

Suggests all stop by the shelter house to see the updated ceiling, will be ready for spring. Furnace and air conditioner are in. Tuohy comments a lot of positive comments on how well the roads were handled.

Fire Chief Francis shares that Firefighter Nick Rupp achieved his EMT certification. Currently out of 7 volunteers on the department, 5 have EMT or up to Paramedic. Francis shares that from Friday 7pm to Monday 10am – during the large snow storm - only responded to 8 incidents, all medical calls, nothing weather related.

Police Chief Baer shares he was informed Monday that full time officer Devon Lafferty is resigning, leaving the police service, will be replacing that full time position soon. Wishing him well in his new role.

CITIZEN COMMENTS ON AGENDA ITEMS

Mayor Bingham asks for Citizen Comments pertaining to Agenda items.

Brett Warner – former Waterville township trustee: Warner shares that he lives in Waterville Township, is on the executive board of the American legion, always happy to work with Whitehouse. He wants to share comments about the annexation request on the agenda. He was involved with many years ago when Waterville Twp and the Village were having some disagreements; he is proud of annexation agreement that was previously made – took several meetings to get an agreement that befitted both Village and Township; it was seen as a future

between the two entities. He comments that he has learned there is a possibility that the previously set agreement is going to be ignored. Concerned that the agreement is not going to be held to, he is here as a Township resident asking it to be upheld.

Ryan Miller – 7242 Finzel: shares his brother is here as well as some additional neighbors. Here representing Waterville Township; comments that they live in this area for a reason, do not want to go back to living in Village ordinance areas where they would pay for water and sewer that they currently handle themselves. Solicitor Heban shares that the property owners on the agenda came to Whitehouse themselves to annex the two properties – all adjacent properties to those two properties have been notified. Miller asks who has petitioned – this is confirmed with names listed on the agenda. Riggensbach comments that Whitehouse is not out looking for properties to annex into the Village – these owners came to the Village for that petition. Miller comments they heard water and sewer were going down the road and they would be forced into tapping in even though they handle themselves currently. Heban shares that this is not something that has been discussed.

Toby Miller – Waterville Township Trustee: Miller comments that according to annexation agreement already in place he feels Whitehouse has a duty and obligation to deny the annexation request based on the agreement. Whitehouse and the Township agree to take all steps necessary to deny the annexation; he shares this is how the agreement is worded. Owners can re-apply and go to the County if needed. Miller is quoting paragraph 3a from the annexation agreement. Paragraph 3b reviewed as well. He states that the annexation agreement requires that the Village deny any request for annexation. Miller comments they do want to work together with Whitehouse. He shares that the agreement does allow for both municipalities to work together on a decision; he would have preferred to get together to make a joint decision.

Motion by Councilwoman Tuohy, seconded by Councilwoman Artiaga at 7:07pm to enter into an executive session pertaining to ORC121.22(G)(3) conference with attorney for the public body concerning disputes involving the public body that are subject of pending or imminent court action. 6 ayes

Motion by Councilwoman Artiaga, seconded by Councilman Riggensbach at 7:38pm to reconvene the Council meeting.

Heban asks Council to consider the mediation request issued by the Township. The letter was received from their attorney along with email.

Motion by Councilman Bublick, seconded by Councilwoman Artiaga to approve the mediation request from Waterville Township. 6 ayes

Heban comments he will communicate with the township attorney and propose some dates.

Heban shares his legal opinion as the law director. The process is that the owners petitioned the County to join the Village. Village was notified; adjacent property owners were notified. First step with petitions according to ORC is that if petitioners meet statutory requirements, the Village shall approve it and send it back to County. Heban shares this is where we are now. All requests meet statutory requirements then the Village shall approve. If the Village chooses not to approve, we are subject to lawsuits and liabilities by property owners. Once approved, the petition goes back to County for them to review – if approved at this point by the County then the petition comes back to Council for final approval with ‘may’ language – there could be reasons at that point why you do not want to approve the actual annexation. Heban shares there is currently no option but to approve at this step

COUNCIL COMMENTS

Riggenbach wants to reiterate that his goal is to work with the Township – today’s legislation does not mean anything other than following a process, when the final decision comes back that’s when the opportunity to honor a relationship can exist. He comments he is sticking with the legal counsel representing him to do so – following the advised legal process.

Fine reiterates that they do want to work together with Waterville Township – following a legal process currently, does not indicate how a vote goes when the final decision time comes back around.

Bublick shares they were contacted by Wayne Wagner from Waterville about a collaborative meeting on February 11th and he is unable to attend.

Yunker echoing comments heard from other Council members. Comments there are certain laws written in a way that wording does not make them permissive; you are required to work a certain way. The word in this case ‘shall’ leaves no room for interpretation. Ordinance followed today from the ORC had the word ‘shall’ in it – so Council is following that – this does not mean it is the final decision. Have not had any discussion yet whether it makes sense for the properties to come into the Village. Reasons on both sides to protect residents. The next ordinance, after the County makes their decision is the permissive ordinance. Between now and then they can plan to have conversations with representatives from the Township.

CITIZEN COMMENTS

Mayor Bingham asks if there are any citizen comments to share.

Toby Miller – Waterville Township Trustee: Miller shares that the annexation agreement has good faith clauses in it. Shares that this petition for annexation has been in Whitehouse hands since December. He waited to hear back and heard nothing. Feels this is not being handled in good faith. Feels that this has been rushed through passing.

Motion by Councilwoman Artiaga, seconded by Councilman Riggenbach at 8:05pm to enter into an executive session pertaining to ORC121.22(G)(2) to consider the purchase of property for public purposes.
